Preface

Yunlin County Magistrate / Chang Li-Shan

Come on, come and savor the delights of Yunlin, where you will embrace the fragrance of the land, its hospitable people, and wondrous sceneries.

Yunlin, a fertile land surrounded by mountains, the sea and plains, is a place of great breadth as vast as its plains and of hospitality as warm as the sunshine. The land is dotted with lush green villages and farmlands, where unique products are produced, such as Gukeng coffee, Douliu pomelos, Linnei papayas, Cihtong garlic, Xiluo soy sauce, Taixi clams, Kouhu mullet roe and Taiwan tilapia, Shuilin sweet potatoes, and Beigang peanuts and sesame oil, all of which are unique to the local area and nourish one's body and soul. Simply put, the taste of the land is like the fond memory of "mama's cooking".

In addition to a wide variety of agricultural produce, Yunlin has a wealth of cultural and natural landscapes, ranging from natural ecology, environmental education, and community development to preserving and maintaining cultural assets, local cultural museums, and cultural and creative industries, and local revitalization. All these, together with the warmth and generosity of the people of Yunlin, have together manifested the true beauty of Yunlin.

In order to introduce the beauty of Yunlin more fully, we are launching our "The 500 Highlights of Yunlin" series of guidebooks, which contains five themes: "100 Tastes of Yunlin, 100 Unique Attitudes in Yunlin, 100 Amazing Corners of Yunlin, 100 Best Specialties of Yunlin, and 100 Ways to Explore Yunlin". The books are rich in content and contain a wide range of information on the best Yunlin has to offer. These include the local culture, cuisine, religion, scenic spots, and tourism-related illustrations. We hope this allows you to gain a deeper understanding of the unique charms of Yunlin.

With the rich yet easy-to-understand content of the book, it will lead you to discover newer delights about Yunlin ever, and to delve deeper into this wonderful place with its amazing people and abundant produce. In addition to reading this book, I encourage you to immediately set off on your own journey to Yunlin.

Come on, come and create your own unique memories in Yunlin.

處長序

| 雲林縣政府文化觀光處處長 / 陳璧君

雲林發展歷史久遠,豐沃的土地吸引了由各地聚集而來的移民,構成了雲林縣的多元族群,這些族群組成中包含了漳、泉、(詔安)客移民,以及原有的平埔族。在這些文化相互交錯下,雲林成了各色文化並陳又獨樹一幟的城市,並各自繁盛。漫步市街,舉目但見精雕細琢的華美廟宇,年頭到尾不停歇的戲曲、藝陣南北管表演,細節繁複精巧的工藝品,以及各色點心吃食,這般豐富的歷史與人文風景更構成了「文化雲林」的深厚基底。

在這樣完整的基礎上,因此催生了《雲林 500 千客萬來》的套書。 當你依循著「好味、好店、好景、好物、好行」的足跡,一步步的發掘 雲林引人入勝之處,同時間也正與雲林一同邁向建立雲林品牌的旅途上。

雲林 20 鄉鎭各有風華,其中北港鎮、虎尾鎮、古坑鄉及斗六市、 口湖鄉皆獲得交通部觀光局公布之經典小鎮,在建築上亦由公、私部門 共同聯手取得有建築界奧斯卡的建築園冶獎。且在 109 年的北港燈會更 是獲得國際獎項協會(IAA)重點設計賽事展場設計獎項取得金獎,是全 臺唯一拿下金獎的縣市,雲林正從農業大縣轉型爲觀光大縣。

雲林的風貌是多樣化的,從土地蘊含的力量出發,與土地相倚共生的人們,無論是賴爲以生的物產,以及到生活之中流轉出來的歷史足跡和人文價值等,都將完整的呈現在套書中。當在按圖索驥的同時,也走入了在地生活。《雲林 500 千客萬來》不僅是豐富精采的休日提案,藉著這套書的帶領,更能深入認識雲林之好。

Preface

Director, Culture and Tourism Department, Yunlin County Government / Chen Pi-Chun

Yunlin has a long history of development, and its fertile land has attracted immigrants from all over, making up the diverse ethnic groups in Yunlin County today. This includes early immigrants from Zhangzhou, Quanzhou, the Hakka people from Zhaoan, as well as the original plains indigenous peoples. With the intermingling of these cultures, Yunlin has become a place where various cultures coexist and yet remain unique, and where each has flourished. When you walk through the streets, you can see elaborately decorated temples, enjoy year-round opera, nanguan and beiguan performances, intricately detailed handicrafts, and a variety of distinctive local snacks, all of which form the foundation of "Cultural Yunlin".

Built on such a strong foundation, we have thus launched the "500 Highlights of Yunlin" series of guidebooks. As you follow the footsteps of "100 Tastes of Yunlin, 100 Unique Attitudes in Yunlin, 100 Amazing Corners of Yunlin, 100 Best Specialties of Yunlin, and 100 Ways to Explore Yunlin" and discover the fascinating land of Yunlin step by step, you are also on the journey of building the Yunlin brand together with Yunlin.

The 20 townships of Yunlin each have their own distinct character. Among them, Beigang Township, Huwei Township, Gukeng Township, Douliu City, and Kouhu Township were all awarded the accolade of "Classic Small Towns" by the Tourism Bureau of the Ministry of Transportation and Communications. The public and private sectors have also worked closely together, jointly winning the Yuan Ye Awards, known as Oscars of the architecture world. In 2020, the Beigang Lantern Festival won the Gold Award in the Experiential & Immersive category of the MUSE Design Awards, which is organized by the International Awards Associates (IAA). Yunlin is the only administrative division in Taiwan to win Gold, transforming Yunlin from a major agricultural county to a major tourist county.

The landscape of Yunlin is diverse. All of them will be presented from the power conferred by the land to the people who live together with the land, the produce that thrive on it, the historical footprints and the humanistic values that flow from the people's lives on it book set. When you follow the map as you explore Yunlin, you also enter local life. The "500 Highlights of Yunlin" series not only provides rich content and brilliant ideas for travel to Yunlin but is also an excellent way to get to know more about the best that Yunlin has to offer

開一間蒐集靈魂的好店!

導讀 | 《小日子》前發行人、作家 / 劉冠吟

在過去幾年裡,我開了數間很受到年輕人歡迎的店。開店是一件看似風光實則辛苦的事,不是努力就一定有收獲,多的是付諸東流的金錢及汗水。媒體朋友來採訪的時候,都會問我一個問題:「怎麼開出一間客人喜歡的好店?」這其實也是常在我心的問題,從想要開店的第一個念頭開始、到拉起鐵門做生意的每一天,我都會自問:「這是一間被需要的店嗎?」

日本蔦屋書店的社長增田宗昭在訪談中說過,關於一間店: 「就跟神社一樣,收納著人們靈魂集結而成的作品。」增田又說,關於開店:「就是把人們的『需求科學化』的蒐集起來,以及在開店過程當中持續的『提高需求化』。」增田社長的這番話,與我心中的想法不謀而合。開一間所謂的理想的好店,沒有營業項目及產品單價的高下之分,只要能夠將客人的需求科學化的回應,持續且準確地回應著市場上發出的聲音,那就是相當棒的店。

因爲工作取材跟合作單位邀請的關係,近年來到訪雲林不下十次,每次去都深刻地覺得:「啊,又跟上次來的時候有很多不同呢。」雲林的改變不是劇烈的,是緩慢且有力量的,這種轉變的速度,感覺經過深思熟慮,也很像增田社長所說的「蒐集了靈魂」。

身爲臺灣這塊土地上頭幾個被開發的地方,雲林卻沒有因此一帆風順,反而經歷了許多別的縣市沒有的挑戰及苦難,也正因如此,在近年來的轉型,顯得特別細緻而慎重,因爲這一切都是如此得來不易。慢慢汲取

了日積月累的養分,克服了四面八方的問題,形成今日我之所以爲我,多 元日有滋味的雲林。

此次雲好店精選出來的店家,各有各的風貌及長相,這是雲林店家的一大特色,沒有觀光商業過度降臨的氣息,店家不會呈現複製人般的雷同。我自己曾去過的「華山觀止民宿虫二行館」,如同世外桃源一樣,隔絕了塵世喧囂。「虎尾春秋文創設計旅店」結合了新潮的設計跟傳統文化藝術,讓住宿有了不同的選擇,所謂文創也有新的樣貌。

位於北港的「手厚商號」,又新又舊又有點時髦元素,老闆夫婦對於 文藝活動及環保的支持顯現在店內的每個細節。這種具有想法的店,正是 我個人非常偏好的類型,就像把主人的精神跟靈魂拿出來跟客人交流,去 過一回,總覺得這樣的店,很能讓人感受當地的生命力跟日常的美好。「福 祿壽觀光酒廠」跟「興隆毛巾觀光工廠」則是另一種我喜歡走訪類型。它 們體現了臺灣早年老工藝的樸實跟技術。雲林有好幾間臺灣最早開始運作 的工廠,產品存在我們生活的周遭,看了那些生產流程,更讓人對產品背 後所代表的歷史背景充滿敬意。

常常有人問我:「什麼是文創?能跟時下流行的設計感吻合的,才是一流的文創嗎?」我認爲不是,文創有可能是文化創作,文化創生,甚至是文化創傷,能夠將我們生長環境中的所見、所用的日常文化轉而應用跟創作的,就是最能感動人心的文創了。

Open a shop that gathers interesting souls.

Introduction Former publisher and writer of One Little Day Magazine /

Over the past few years, I have opened several stores that are very popular among young people. Opening a store is seemingly glamorous but it is actually hard work. What's more, hard work doesn't always reap rewards; it is a matter of money and sweat. When friends in the media industry come to interview me, they often ask me one question: "How do you open a great store that customers will like? This is actually a question that is always on my mind. From when the idea of starting a store popped in my mind to every day that I open my store for business, I always ask my-self. "Is this a store that is needed?

In an interview, Masuda Soaki, the president of the bookstore chain Tsutaya, said about a store: "It is like a Shinto shrine with works that are a culmination of people's souls." Masuda also noted that opening a store "is to collect and offer what people need through scientific rigor and to continue to enhance the need through the process of running a store." These words of Masuda resonate with what I have in mind. The ideal store does not differentiate between high and low sales items and unit prices, but rather one that responds to the needs of its customers scientifically and continues to respond accurately to the voices of the market. Only then is it a successful store.

have visited Yunlin no less than ten times in recent years because of my work and invitations from my collaboration partners. Each time I visit, I am struck by the feeling of "Ah, it's so different from the last time I was here. The change in Yunlin is not drastic, but slow and powerful. The speed of change feels well thought out, much like "collecting souls" as Masuda said.

As one of the earliest places in Taiwan to be developed, Yunlin has not had a smooth ride. Rather, it has experienced many challenges and hardships that other counties have not. It is probably for this reason that the transformation in recent years has been particularly meticulous and cautious, because its achievements

have been hard fought. It has slowly drawn on the nutrients accumulated over time and overcomes problems big and small to form the diverse and colorful Yunlin that makes it what it is today.

In the 100 Unique Attitudes in Yunlin, the selected stores in Yunlin each have their own style and appearance, which is a special feature of stores in Yunlin. Without the overwhelming commercialization of mass tourism, it will be hard for one to find "clone stores"here. I myself have been to "Khokak Panoramas Hotel-Bug 2", which is like a paradise, isolated from the hustle and bustle of the world. "Huwei Hotel" combines trendy chic design with traditional culture and art, providing a refreshing choice in accommodation and a new look to the so-called cultural and creative industry.

"Soo Home", located in Beigang Township, offers a trendy yet vintage vibe. The owner and his wife's support for cultural activities and environmental causes is evident in every detail of the store. This kind of store with character and a statement to make is exactly the type of store I personally prefer, especially when it brings out the spirit and soul of the owner to communicate with customers. Once I've been there, I always feel that such a store can exemplify the vitality and beauty of the local area. "Fortune Brewery" and the "Shing Long Textile Tourist Factory" are other types of places I like to visit. They embody the simplicity and technology of Taiwan's reassuring first-class craftsmanship. Yunlin has some of the earliest factories in Taiwan, and the products they produce are all around us. Seeing these production processes makes you respect the historical background and significance behind the products.

People often ask me, "What is cultural and creative? Is it a top-class cultural creation if it matches the latest design thinking? I think not. Cultural creativity can be cultural creation, cultural revitalization, or even cultural trauma. The most touching cultural creativity is the one that can apply and create the everyday culture we see and use in our living environment.
